INSTRUCTIONS: (TO BE CARRIED OUT FROM INSIDE GARAGE WITH DOOR CLOSED)

1. Remove Rubber Stop Assembly from end of Track (Fig. A)
2. Remove Screws from Wheel Bracket Assembly and slide Wheel Bracket from Track (Fig. B). Retain screws.
3. Remove Split Pin from Wheel Spindle and remove Wheel Spindle from Bracket.
4. Insert New Wheel Spindle into Bracket and place washer on Shaft, then put Split Pin through hole in Wheel Spindle.
5. Insert reassembled Wheel Spindle in track and slide back to door.
6. Re-attach Bracket to the Door with Screws.
7. Replace Rubber Stop Assembly.

Repeat for other side of the Door.
